

Cleanserv SD43/150

Cleanserv SD43/150 is a gentle individual scrubber, perfect for cleaning in places where you normally do not have access. Robust construction makes work easy and stable. Efficiency is optimized thanks to the weight and the speed of the machine.

Cleanserv Dual Speed

Cleanserv Dual Speed machine with two different speeds (154-308 rpm). The low speed is used for scrubbing, and the higher one is ideal for folding floor surfaces. The driving handle is easily adjusted to the correct working height for restful work.

Cleanserv SD33/190

Cleanserv SD33/190 is a small and smooth single-blade machine that is perfect for cleaning surfaces that are not normally available. With its robust construction, the machine is stable, ergonomic in use and the good result is achieved thanks to the weight and speed.

Options for the machines

There are different types of accessories to suit your work tasks
