Furniture and Drapery Compound

Blended Solvent for Water-Free Cleaning

Furniture and Drapery Compound

When safety of the customer's possessions is of utmost importance, use Furniture and Drapery Compound. It is perfect for on-location cleaning of delicate drapery and upholstery. Furniture and Drapery Compound is effective and safe for the customer's most valued furnishings. Use as an extraction liquid through solvent-capable machines, or may be sprayed on followed by hand cleaning with white towels. Precondition the fabric with Dry Cleaning Prespray.

- Perfect for on site cleaning of "dry clean only" and "S-coded" fabrics.
- Ready to use, no mixing necessary
- Flash point = 125° F.

Part Number:
CU51GL

RTU pH
N/A

Dilution Ratio:
RTU

Contents:
One U.S. Gallon (3.79 Litres)

Available in:
Gallons and 4 x 1 gallon cases
