

AVENGE FABRIC PRESPRAY

BRIDGEPOINT

SYSTEMS

Liquid Preconditioner
for Fine Fabrics

Avenge Fabric Prespray is a neutral pH blend of surfactants, solvent and builders formulated to emulsify the toughest soils and oils found in upholstery. Safe for the use on a wide variety of natural and synthetic fabrics. This excellent fabric prespray is patterned after the famous Bridgepoint Avenge Stain Remover.

- Neutral formula that out cleans other harsh and harmful presprays.
- Quick acting with amazing stain removal technology.
- Free rinsing to leave a "soft hand" on the upholstery.

DIRECTIONS:

Pretest in inconspicuous area for dye and fabric stability. Medium to heavy soil: Dilute one part Avenge Fabric Prespray with one part hot water. Extra Heavy soil: Use as is. Do not dilute.

Application: Apply evenly to soiled areas. Agitate with a horsehair brush. Allow to dwell for 5 to 10 minutes but do not allow to dry before extraction. Extract using Avenge Clean Rinse or Bridgepoint Fab Set.

SAFETY INFORMATION

Caution: Keep out of the reach of children. May cause eye and skin irritation. Harmful if inhaled or absorbed through the skin. Avoid contact with eyes.

Wash thoroughly after handling. In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. If easy to do so, remove contact lenses if worn. If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. If breathing difficulty occurs, remove to fresh air. Get medical attention. See Materials Safety Data Sheet (msds) for additional safety information.

RTU pH: 7 - 7.5

Dilution Ratios:

Medium to Heavy Soil: 1:1 part hot water

Extra Heavy Soil: RTU, do not dilute.
