

Liquid-Cooled Longevity, Superior Value!

PEAK 500 TRUCKMOUNT

Nanotech ceramic-coated exhaust plus cogeneration heat exchange deliver amazing temperature consistency

Premium features and liquid-cooled longevity at an economical price!

NEW Cerakote® ceramic coating on all Peak 500 exhaust components lowers the heat radiation from exhaust components by more than 30%. That reduces component fatigue and promises a longer life for your truckmount - and a cooler van interior for you!

Powered by a 31 HP digital fuel-injection Kawasaki gas engine, the Peak 500 delivers enough heat and vacuum to run a six-jet wand flat out. Its ceramic-coated exhaust system keeps components cooler, reducing maintenance and keeping you on the job making money.

NEW!

BENEFITS:

- » **QUICK WARM-UP AND HOLDS THE HEAT** using 6-flow wand
- » **ECONOMICAL** – consumes only 1 gallon of gas per hour
- » **MAX HEAT EXCHANGE** – stainless steel tube with copper-finned design
- » **NO RUST** all-aluminum powder-coated frame
- » **LOWEST-COST** liquid-cooled large class machine that's California CARB-compliant!

POWER PLANT	Kawasaki FD851D-DFI 31 HP liquid-cooled cast iron gasoline engine operating at 3000 RPM
VACUUM PUMP	Gardner Denver TriFlow® 406 blower. Vacuum at 13 in. and flows up to 406 CFM
SOLUTION PUMP	General HTXS1813S producing up to 1500 PSI and 3.5 GPM at 1500 RPM.
WASTE TANK	90 gal. marine grade aluminum Optional: 120 gal. high capacity waste tank
FRAME CONST.	Powder-coated aluminum
CONSOLE (MAX. W x H x D)	35 x 40 x 47 in. 1.89 x 101.6 x 119.4 cm
