

# HVE 3000 Flood Pumper

High vacuum and powerful lift pulls maximum water from carpet and pad fast while a clog-resistant, high-volume industrial pump delivers up to 50 gpm. A narrow profile and large rear wheels make transport easy. The unit can also be used with a truckmount to boost vacuum or intercept extracted water to keep truckmount tank from filling up.

## FEATURES

- Clear-view first-stage filter lifts out for easy rinsing.
- A high flow, high volume clog-resistant sump pump handles up to ½ in. solids.
- Rugged construction. Low center of gravity provides balanced transport; easy on stairs!
- Use the HVE 3000 to bypass the truckmount waste tank for black water flood extraction to keep the tank clean.
- Accessories included One 25 ft. section of 2 in. vacuum hose with cuffs

## SIZES ▪ OPTIONS
